

Valence Surface Technologies is a full-service surface finishing company specializing in aerospace, defense, space, and satellite industries. The company operates across ten strategically located sites in the United States.

AT A GLANCE

Challenges

- Regular customers
- New Customers
- Coffee Lovers
- Street People

Implementation Highlights

- Implemented Oracle Fusion Financials Cloud, including GL, AP, AR, and Fixed Assets
- Deployed Supply Chain Management Cloud, including Inventory and Procurement
- Enabled Enterprise Performance Management (EPM) Cloud for planning, budgeting, and account reconciliation
- Managed a comprehensive migration from Traverse Financials to Oracle Fusion

OBJECTIVES

Their existing financial system ran on Traverse Financials, which required modernization to support growth and scalability. Valence partnered with Gray Acumen to migrate to Oracle Fusion Financials Cloud, Inventory, and Procurement Cloud.

SOLUTIONS

- Implemented Oracle Fusion Financials Cloud, including GL, AP, AR, and Fixed Assets
- Deployed Supply Chain Management Cloud, including Inventory and Procurement
- Enabled Enterprise Performance Management (EPM) Cloud for planning, budgeting, and account reconciliation
- Managed a comprehensive migration from Traverse Financials to Oracle Fusion

BENEFITS

Benefits One

- Migrated 100% of legacy Traverse Financials data to Oracle Fusion Cloud with zero reconciliation issues
- Improved month-end close cycle by approximately 35 percent through automation of GL, AP, AR, and reconciliation processes
- Reduced manual effort in procurement and inventory management by about 30 percent through system integration
- Enabled scalable operations to support future expansion in aerospace, defense, and satellite industries
- Reduced manual effort in procurement and inventory management by about 30 percent through system integration

"For over 10 years, we've been developing new technology for enterprises of all sizes.

Our mission is to provide companies with cutting-edge products that enable employees to work better and smarter. "
